REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. The subject matter of the independent claim could either not be found or was not suggested in the prior art of record. The subject matter not found was a tube set for use with a surgical pump and tool system to supply irrigation fluid to a tool of the system, the tube set including an inlet and outlet tube and a cassette for insertion into the surgical pump, the cassette having, a front, and first and second spaced apart opposed sides that extend from the front, and a rear opposite said front that extends between the sides and has a forwardly directed wall with a compressible tube extending across the outer surface of the forwardly directed wall and the ends of which are connected to the inlet and outlet tubes, and a locking finger attached to the first side of the cassette and having a base disposed between the rear and the front of the cassette, the base extending to a tip located adjacent to the front end of the cassette, and a retention feature located between the base and the tip and formed on the outer surface for engaging an corresponding retention feature integral with the surgical pump; wherein the locking finger is pivotally attached to the first side so that when the locking finger is moved inwards toward the second side the retention feature on the locking finger disengages from the corresponding surgical pump retention feature in combination with the other elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
